

# Kitchen / Bathroom Kit

- |                        |  |
|------------------------|--|
| <b>Save Money</b>      | <b>Stop buying expensive cleaning chemicals; reusable sponges</b>  |
| <b>Save Time</b>       | <b>Streak-free cleaning &amp; polishing, use sponge wet or dry</b> |
| <b>Save the Planet</b> | <b>Chemical free cleaning &amp; no water is wasted</b>             |
| <b>Save Yourself</b>   | <b>Great for allergy sufferers, removes harmful bacteria</b>       |

**Each kit contains 2 sponges**

## Kitchen Sponge

- Use wet or damp on stainless steel sinks, ovens, cooktops and benches.
- Great as a dishwashing cloth for plates, cutlery and cookware.
- Better kitchen hygiene using only water without chemicals.

## Bathroom Sponge

- Use wet or dry on the bath, vanity, shower recess & glass.
- Streak free cleaning on mirror tiles & ceramics.

## Care Instructions

- Before the first use, rinse the sponge thoroughly in hot water. Wring out as dry as possible.
- The most efficient way to tackle grimy and greasy jobs is to simply rinse in hot water and wring as dry as possible, wipe over the surface to be cleaned and walk away! The surface will dry clean and without smears.
- Whilst cleaning, occasionally re-rinse in hot water and wring out.
- When the sponge looks too grimy, simply wash either by hand or in a washing machine using your favourite soap or laundry powder. Do not use bleach or fabric softener.
