## Slatwall Panels

Solid panels of Australian made premium grade MDF. Standard panels are sized 2400mm x 1200mm.

Precision machined T-Profile grooves run parallel across the horizontal plane or vertical plane. Aluminium inserts (extrusion) slide easily into the grooves to increase the load carrying capacity, plus enhance durability and aesthetic appeal.

Custom trim profiles are available for endcapping, joining and framing.

Slatwall accessories include a diverse range of metal and acrylic shelving, hooks, brackets, faceouts and display bins.

Distance between grooves either 50mm, 75mm, 100mm, 150mm or 200mm.

### Slatwall Panel 2400mm x 1200mm x 18mm

#### 'White' Slatwall
